INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Pursuant to the duty of disclosure embodied in 37 C.F.R. §1.56, Applicant wishes to bring to the attention of the Examiner the following patents, publications and/or other information listed on the attached PTO Form SB/08A and/or SB/08B.

The cited information was previously submitted in this application by the Applicant via an Information Disclosure Statement filed with the application on May 30, 2001. However, the acknowledged copy of the Information Disclosure Statement accompanying the non-final Office Action mailed September 13, 2002 crossed out (3) three of the submitted references, presumably for the reason that the Information Disclosure Statement did not indicate a publication date for these references. The Applicant has not included copies of the cited references since the references are already of record in the subject application. The Applicant has included the publication date for PCT Publication No. WO 98/17209. However, the two non-patent publications are not dated, and the publication dates associated therewith are therefore unknown.

The filing of this Information Disclosure Statement shall not be construed as an admission that the information cited is, or is considered to be, material to patentability as defined in §1.56 or prior art.

This statement is being submitted in conjunction with the filing of a Request for Continued Examination, and therefore no fee is believed due for consideration of the same. However, should any fees be required, please charge the same to Deposit Account 12-2424, but not including the payment of any issue fees that are or may become due.

Respectfully submitted,

By:
